

Memo *Finishes*

Finishes are integral in our efforts to honor the essential. Guided by the insight and sensibilities of the designer Laura-Guido Clark, we've selected finishes that bring out the natural character of materials while also imparting rich tones, textures, and temperatures. Curated with these characteristics in mind, we offer a dynamic palette that includes colors from neutral to bold, temperatures from cool to warm, and textures from matte to gloss.

Our *Colors and Finishes*

Wood/Veneer

Memo finishes on solid wood and wood veneer are created using a two-step conversion varnish, formulated to withstand the wear and tear of commercial interiors. They are applied using a combination of hand rubbed and spray methods to allow the best expression and preservation of the visual characteristics and warmth of wood.

Stone & Quartz

Stone and quartz materials are offered as durable, natural alternates to solid surface. Smooth in texture and rich in depth and pattern, our stone and quartz are procured from premium resources and suppliers, and available in dark and light options. The characteristics of stone create a natural diversity of pattern and color, thus our materials will vary accordingly.

Metal: Stainless Steel & Powder Coat

Brushed stainless steel is available on select metal components. Our stainless is a 200 series stainless, with a #4 brushed finish, and has been selected for commercial interiors.

Powder coating offers a durable approach to finishing metal components that is ideal for commercial interiors and is environmentally considerate. Memo offers a selection of metallic neutrals and vivid hues in smooth and textured varieties, chosen to thoughtfully complement adjacent materials and finishes.
